Re: **PG&E's 2023 Annual Report on Compliance, Revision 3 (2023 EC ARC R3) for the 2023-2025 Wildfire Mitigation Plan (WMP) (Docket #: 2023-EC_ARC)**

Dear Mr. Mohammed:

In an effort to provide accurate data in accordance with the Office of Energy Infrastructure Safety's (Energy Safety) Compliance Guidelines, we are providing the following updates to our 2023 Annual Report on Compliance (ARC). During finalization of the 2025 Annual Implementation Report (AIR), we identified potential discrepancies between previously filed WMP financials and current SAP totals for the 2023-2025 period. We initiated an independent, comprehensive review of all WMP- related costs to evaluate the accuracy and completeness of its filings. Based on that review, we are now submitting the 2023 ARC updated Finance Table to reflect the correct values.

- Updated PG&E_2023-ARC_R3 to reference updated Table 4
- Updated PG&E_2023-ARC_Table_4-Finance_R1 Table

We appreciate Energy Safety's consideration of this revision to our 2023 ARC. Please do not hesitate to reach out should you have any questions or concerns.

Sincerely,

/s/ Jay Leyno
