**RE: PacifiCorp's Response to Notice of Non-Performance –  
NON\_ESD\_PC\_MAZ\_20260513\_1021**

Dear Elizabeth McAlpine:

PacifiCorp provides the following response to the finding identified in the “Notice of Non-Performance, “NON\_ESD\_PC\_MAZ\_20260513\_1021” (NON) issued by the Office of Energy Infrastructure Safety (Energy Safety) on May 21, 2026. On May 13, 2026, Energy Safety conducted an inspection of PacifiCorp’s WMP initiatives in the vicinity of the city of Seiad Valley, California.

Energy Safety found the following deficiency:

**Deficiency 1.** Energy Safety observed that PacifiCorp failed to implement its 2025 WMP initiative 8.2.3.3 Fall-In Mitigation, by not removing a dead, rotten, or diseased tree near coordinates 41.8311663903587, -123.172164580112. Energy Safety considers this non-performance to be in the Moderate risk category. PacifiCorp must complete a corrective action for this non-performance by six months from the date of this notice.

**PacifiCorp Response:**

In response to the Notice of Non-Performance, the company conducted a field inspection. The tree crew removed the tree on June 22, 2026. The tree had previously been identified during a routine inspection on June 5, 2026. The identified issue has now been mitigated, and the tree is no longer standing, as shown in Picture 1 below.

**Picture 1: Near Pole ID 06246011.0181505, Picture taken June 22, 2026.**

PacifiCorp appreciates the opportunity to provide this response to Energy Safety's NON\_ESD\_PC\_MAZ\_20260513\_1021.
