RE: AT&T California Request for Data Request Stakeholder Designation
Docket: EUP-PGE

Dear Office of Energy Infrastructure Safety:

AT&T California ("AT&T") respectfully requests Data Request Stakeholder Designation in the PG&E Electrical Undergrounding Plan ("EUP") proceeding (Docket No. EUP-PGE), including the authority to submit data requests to Pacific Gas and Electric Company ("PG&E").

AT&T owns and operates communications infrastructure throughout California, including facilities located within PG&E's service territory. PG&E's proposed undergrounding activities may affect AT&T's existing network facilities, rights-of-way access, construction coordination, relocation requirements, service continuity, and associated costs. As a communications provider serving residential, business, public safety, and government customers, AT&T has a substantial interest in understanding and evaluating PG&E's proposed undergrounding plans and their potential impacts on third-party infrastructure owners.

Access to data requests and responses will assist AT&T in meaningfully participating in the review of PG&E's Electrical Undergrounding Plan and evaluating the operational, technical, and regulatory implications of PG&E's proposed projects.

Please designate the following individuals as AT&T's representatives responsible for handling data requests in this proceeding:

Ankur Patel	Renee Marfia	Andy Umaña
Director, Regulatory	Lead Regulatory Relations	Director, Senior Legal Counsel
430 Bush Street, 5th Floor	430 Bush Street, 5th Floor	430 Bush Street, 6th Floor
San Francisco, CA 94108	San Francisco, CA 94108	San Francisco, CA 94108
