PG&E 10-Year Electrical Undergrounding Plan Comment Schedule for Second Errata

Sacramento – The Office of Energy Infrastructure Safety (Energy Safety) received the Pacific Gas and Electric (PG&E) 10-Year Electrical Undergrounding Plan (EUP) on September 30, 2026. On October 30, 2026, PG&E submitted a second substantive errata.[1]

Energy Safety's opening comment period on the EUP closes November 2, 2026. To provide stakeholders with sufficient time to comment on the updates provided in PG&E's second substantive errata, Energy Safety is adding an additional comment period with the below requirements.

Comment Schedule

Comments must be submitted to Energy Safety's PG&E EUP docket (#EUP-PGE)[2] by 5 p.m. on the dates below:

- Errata Comments: November 19, 2026
- Errata Reply Comments: November 30, 2026

Errata comments may only address information contained in PG&E's second substantive errata. Errata reply comments may only address issues raised in errata comments; Energy Safety will not consider new issues or information unrelated to those comments.

Any interested stakeholder other than PG&E may submit errata comments. All stakeholders including PG&E may submit errata reply comments.

Document titles must include the submitting organization or individual's name followed by "Errata Comments" or "Errata Reply Comments." Errata comments may not exceed 20 pages and must be submitted as .docx or .pdf attachments. Energy Safety may reject comments that do not comply with these requirements or are submitted after the deadline.
