Originator: Niamh Murphy
Niamh.Murphy@energysafety.ca.gov

Data Request Number: Energy Safety-DR-EUP-26-10

Subject: Wildfire Rebuild Areas

INSTRUCTIONS

a. Provide all information in your possession, custody, or control, or the possession, custody, and/or control of your affiliates or agents, that is responsive to these data requests by the due date identified above.

b. Responses and documents may be produced and served electronically, but they shall be fully machine-readable and searchable.

c. If you have any questions about the meaning or scope of the data requests herein, direct such questions to the Energy Safety staff identified as the "Originator" of this request at your earliest opportunity.

    1. Lack of clarity on meaning or scope of requests, without prior request for clarification from the "Originator," will not be a permissible reason for incomplete responses and will be regarded as non-compliance with the request.

d. Identify the personnel (employees, consultants, agents, etc.) who provided information responsive to each of the data requests below. As used in this context herein, "identify" means to provide the full name, business address, and title of each employee, consultant, or agent who provided such information.

e. If you do not know the exact answer to any of the requests below, please so indicate and provide your best estimate.

f. Provide data in its original format (i.e., PDF, Excel, GIS shapefile, etc.), unless otherwise specified in the request.

g. Send your response to Niamh Murphy (Niamh.Murphy@energysafety.ca.gov), and include a copy to:

    Simone.Brant@energysafety.ca.gov,
    Shaun.Richards@energysafety.ca.gov,
    electricalundergroundingplans@energysafety.ca.gov

h. E-file a copy of the response on the Electrical Undergrounding Docket #EUP-PGE

REQUEST

Q01. Wildfire Rebuild Area Eligibility

a. Please explain how Circuit Segment VALLEJO B 11017410 was deemed ineligible in Table 6. This Circuit Segment is marked as falling within a Wildfire Rebuild Area. It also has an OUR per mile of 0.124 (since HFTD and HFRA miles equal zero for this Circuit Segment, circuit_segment_length was used to calculate OUR per mile), which is above the High-Risk Threshold of 0.029.
b. If there are other Circuit Segments with similar errors to VALLEJO B 11017410, please provide them in a list.

Q02. Wildfire Rebuild Area Circuit Segment Location

a. Please describe the process PG&E used to complete the "Affected Circuit Segments" column in Table 24 (PGE_Initial_2026_09_30_T24_R0.csv).
b. [This question contains information identified as confidential by PG&E].
