Cycle 2 Liberty Utilities Work

1) GLENSHIRE

Description of work: Removed pine needles from interior and exterior, and hand pulled a small amount of weeds.

Date completed: 6/16/25

Photo (post completion):

2) NORTHSTAR

Description of work: Removed pine needles/cones from interior and exterior, and applied 1gal post emergent on weeds and small pines on NW corner interior only.

Date completed: 6/16/25

Photo (post completion):

3) KINGS BEACH

Description of work: Removed pine needles/cones from interior.

Date completed: 6/16/25

Photo (post completion):

4) TAHOE CITY

Description of work: Removed pine needles/cones from interior and applied post emergent for weeds.

Date completed: 6/16/25

Photo (post completion):

5) PORTOLA

Description of work: Removed pine needles and debris on site.

Date completed: 6/17/25

Photo (post completion):

6) CEMETERY

Description of work: Removed pine needles and debris on site and applied post emergent to a small amount of weeds.

Date completed: 6/17/25

Photo (post completion):

7) SIERRA BROOKS

Description of work: Removed pine needles and debris on site and applied post emergent to a small amount of weeds.

Date completed: 6/17/25

Photo (post completion):

8) HOBART MILLS

Description of work: Removed pine needles and debris and string trimmed.

Date completed: 6/17/25

Photo (post completion):

9) STAMPEDE

Description of work: Removed pine needles and debris and string trimmed.

Date completed: 6/17/25

Photo (post completion):

10) SQUAW VALLEY

Description of work: Removed pine needles and debris and applied post emergent spot treatments to interior and exterior.

Date completed: 6/18/25

Photo (post completion):

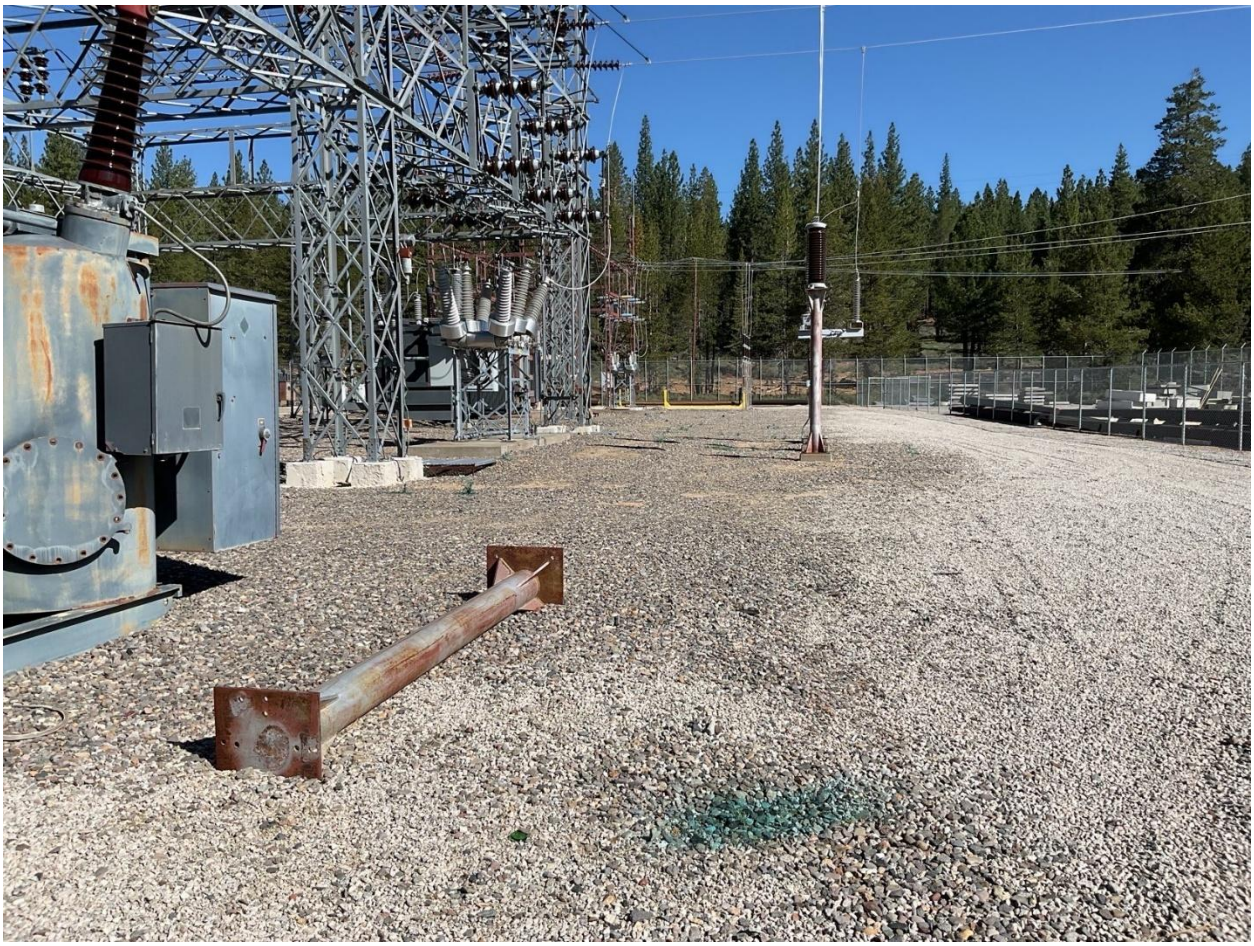

11) MEYERS

Description of work: Removed pine needles and debris, hand pulled larger weeds and applied post emergent spot treatments to interior and exterior fence line (no work is done inside cap bank).

Date completed: 6/18/25

Photo (post completion):

12) STATELINE

Description of work: Removed pine needles and debris, hand pulled larger weeds and applied post emergent spot treatments to interior and exterior fence line (no work is done inside cap bank).

Date completed: 6/18/25
