Dear Ms. Semcer,

Bear Valley Electric Service, Inc. (BVES) is preparing the revisions requested by the Office of Energy Infrastructure Safety (OEIS) in its Revision Notice 1 to BVES's 2022 WMP Update. BVES is concerned that it cannot meet the August 22, 2022 deadline with a quality product.

BVES is also in the process of finalizing its General Rate Case Application to be filed on August 30, 2022 and given its limited resources, BVES would like to request a time extension to the due date of one week to August 29, 2022.

Sincerely,

/s/ Nguyen Quan
