

Date: April 19, 2023

To: “Wildfire Safety Regulations Recommendations” Stakeholders

Subject: Postponement of the Public Workshop on Safety Requirements to Address Increasing Wildfire Risk from Climate Change and Aging Infrastructure

Dear Stakeholders,

On April 11, 2023, the Office of Energy Infrastructure Safety (Energy Safety) published a Save the Dates notice for a public workshop on safety requirements to address increasing wildfire risk from climate change and aging infrastructure scheduled for April 25 and April 26, 2023.<sup>1</sup>

Energy Safety is postponing this workshop to a later date. Energy Safety will publish a notice with the new dates separately.

Sincerely,

Lucy C. Morgans  
Program Manager | Electric Safety Policy Division  
Office of Energy Infrastructure Safety
