To: 2023-2025 WMPs Docket Service List

**Subject: Revised Schedule for 2025 Wildfire Mitigation Plan Update – Group 2 Electrical Corporations**

The Office of Energy Infrastructure Safety (Energy Safety) is revising its 2025 Wildfire Mitigation Plan (WMP) Update schedule for Group 2 electrical corporations.<sup>1</sup> The revised schedule extends the timeframe for Energy Safety’s issuance of draft Decisions.

The Group 2 electrical corporations were required to submit their 2025 WMP Updates on July 8, 2024.<sup>2</sup> During its evaluations of the initial submissions, Energy Safety identified multiple instances in which Group 2 electrical corporations submitted 2025 WMP Updates with elements that did not conform with Energy Safety’s 2025 WMP Update Guidelines.<sup>3</sup> As a result, Energy Safety provided three Group 2 electrical corporations with a Rejection and Order to Resubmit. The non-conforming submissions impacted Energy Safety’s ability to timely issue draft Decisions on Group 2 electrical corporations’ 2025 WMP Updates.

As such, Energy Safety is extending its schedule to issue draft Decisions on Group 2 electrical corporations’ 2025 WMP Updates. The revised schedule is presented in Attachment A to this letter with the date change for Group 2 electrical corporations shown in bold. Additional comment periods for the 2025 WMP Updates of electrical corporations with a Rejection and Order to Resubmit are provided within each of those Orders.

Sincerely,

A handwritten signature in black ink, appearing to read 'Suzie Rose'.

Suzie Rose  
Program Manager, Electrical Safety Policy Division  
Office of Energy Infrastructure Safety

---

<sup>1</sup> The Group 2 electrical corporations are Liberty Utilities, PacifiCorp, Horizon West Transmission, Trans Bay Cable, 7and LS Power Grid California.
