

Geodatabase Template Changelog

Revised Draft Data Guidelines v4.0

Changes to fields:

Feature Dataset	Feature Class(es) and/or tables	Change
Initiative	VM Project Line	Removed field "Change Order"
Initiative	Grid Hardening Line	Replaced field "Asset Location" with "Asset OH or UG" (different domain values)
Initiative	All except Initiative Audit features	Renamed field "Utility Initiative Tracking ID" to "UMATID"
Initiative	All except Initiative Audit features	Renamed field "Initiative Class" to "Activity Class"
Initiative	Other Initiative features	Renamed field "WMP Initiative Category" to "WMP Category"
Initiative	All except Initiative Audit features	Added field "WMP Initiative"
Initiative	All except Initiative Audit features	Added field "Activity Description"
Initiative	All except Initiative Audit features	Added field "Units Represented"
Initiative	Vegetation Inspection features	Renamed field "Initiative Class" to "Activity Class"

Errors Corrected

- In the guidelines document, corrected capitalization of "IaID" in the Initiative Audit Line and Polygon features (had been "Iald").
