

# Energy Safety to Hold Virtual Public Workshop

*Implementation of Cost-per-Avoided Ignition and Wildfire Mitigation Plan (WMP) Schedule Pursuant to Senate Bill 254 Requirements*

Sacramento - The Office of Energy Infrastructure Safety (Energy Safety) will hold a virtual public workshop (via Microsoft Teams) on Wednesday, December 17, 2025, from 2 p.m. to 5 p.m., to gather feedback and information to aid in the implementation of Senate Bill 254 (SB 254) requirements as they relate to WMP submission. Members of the public, local and regional agencies, boards, tribes, commissions, and other stakeholders are invited to participate in the public workshop.

Discussion topics for this public workshop will center around the new requirement for WMPs to include an estimated cost-per-avoided ignition for each risk. Note that Energy Safety is co-hosting with CAL FIRE a different public workshop, on Tuesday, December 16, 2025, regarding another component of SB 254: the joint-agency Natural Catastrophe Resiliency Study, overseen by the California Earthquake Authority.

Questions for discussion during the workshop will be released via the 2026-2028 Base WMP Docket prior to the event. Stakeholders may provide written responses or comments to these questions via e-filing in the 2026-2028 Base WMP Docket by January 17, 2026.

The discussion and question responses will aid Energy Safety in developing guidelines for electrical corporations to submit 4-year WMPs in accordance with Public Utilities Code section 8386, as amended by SB 254.

Stakeholders may also propose topics for the next public workshop by January 17, 2026, via email to Robert Warwick (Robert.Warwick@energysafety.ca.gov).

**Date: Wednesday, December 17, 2025 | 2 p.m. to 5 p.m.**

## AGENDA<sup>[1]</sup> | Wednesday, December 17, 2025

**2:00 p.m.** Introduction from Energy Safety

**2:15 p.m.** Discussion of Energy Safety Provided Questions and Prompts

**3:30 p.m.** Break (15-minutes)

**3:45 p.m.** Return from Break

**4:45 p.m.** Wrap up

**5:00 p.m.** Workshop adjourned

### Remote Attendance

Microsoft Teams is Energy Safety's online meeting service. Navigate to the meeting link and follow the instructions to join the meeting. When attending remotely, presentations will appear on your computer/laptop/mobile device screen and audio may be heard via the device or telephone. Please be aware that the Microsoft Teams meeting may be recorded. For dial-in users using a telephone connection, press "#5" to raise or lower your hand and press "#6" to be unmuted/muted during the public comment portion of the meeting.

### Availability of Documents

Documents and presentations for this meeting will be available in 2026-2028 Base WMP Docket on the Energy Safety e-filing system.<sup>1</sup>

### Contact Information

Those requiring further information regarding this public meeting may contact Robert Warwick (Robert.Warwick@energysafety.ca.gov). This public meeting notice is also available

<sup>1</sup> [Docket #2026-2028-Base-WMPs](#)

@caenergysafety

in electronic format on Energy Safety's website at: <https://energysafety.ca.gov/events-and-meetings/>.

### **Accessibility Accommodation**

Pursuant to the Americans with Disabilities Act, individuals who, because of a disability, need special assistance to attend or participate in an Energy Safety public meeting may request assistance by emailing Robert Warwick (Robert.Warwick@energysafety.ca.gov). Providing your request at least five (5) business days before the meeting will help ensure availability of the requested accommodation. For more information about the accessibility features of Microsoft Teams visit the platform's accessibility page.

### **Notice of Recording**

This message constitutes notice of the sender's intention as the meeting host to record the meeting to be conducted over Microsoft Teams on December 17, 2025. The recording is voice and video recording. The purpose of the recording is for a public workshop. If you do not wish to be recorded audibly or visually, please turn off your video and mute your microphone during the recording.
