715 P Street, 20th Floor
Sacramento, CA 95814

SUBJECT: Southern California Edison Company's Agreement to Implement the Findings and Recommendations of the 2024 Safety Culture Assessment Report

Dear Director Thomas Jacobs:

Southern California Edison Company (SCE) appreciates the Office of Energy Infrastructure Safety's (Energy Safety) work on SCE's 2024 Safety Culture Assessment Report (SCA Report), conducted pursuant to Public Utilities Code Section 8389(d)(4). Energy Safety's December 19, 2025 letter, enclosing the SCA Report, states that SCE can satisfy the "good standing" requirement for safety certification by agreeing to implement the findings and recommendations of the SCA Report (pursuant to Public Utilities Code Section 8389(e)(2)), and that SCE may do so "by submitting a letter to this effect [to] the 2024 Safety Culture Assessments docket."¹

By this letter, SCE agrees to implement the findings and recommendations in the SCA Report, thereby meeting the "good standing" requirement of Public Utilities Code Section 8389(e)(2). If you have any questions, or require additional information, please contact me at Michael.Backstrom@sce.com.

Sincerely,
