Subject: Non-Substantive Corrections to Action Statements on 2021 WMP Updates of San Diego Gas & Electric Company, PacifiCorp, Liberty Utilities, Horizon West Transmission, and Trans Bay Cable

Dear Wildfire Mitigation Plan stakeholders,

On July 14, 2021, the Office of Energy Infrastructure Safety (Energy Safety) issued final Action Statements on the 2021 Wildfire Mitigation Plan (WMP) Updates of San Diego Gas & Electric Company, PacifiCorp, Liberty Utilities, Horizon West Transmission, and Trans Bay Cable. The final Action Statements for these utilities have been revised to correct non-substantive errors.

On July 12, 2021, the California Public Utilities Commission (CPUC) launched its redesigned website (cpuc.ca.gov), including a restructuring of webpages, which resulted in broken hyperlinks throughout these Action Statements. Hyperlinks in these Action Statements have been updated to the correct address on the CPUC's new website or Energy Safety's website. Minor changes have also been made to correct non-substantive typographical errors.

The revised versions of these Action Statements (Revised Final Action Statements) will be e-filed in the 2021 WMPs docket (2021-WMPs) immediately following this letter.

Sincerely,

A handwritten signature in black ink that reads "Lucy Morgans". The signature is written in a cursive, flowing style.
