

Summary of Key Changes in LADWP's 2021 Wildfire Mitigation Plan

October 12, 2021

This document provides a summary of the key changes between the Los Angeles Department of Water and Power's (LADWP's) current Wildfire Mitigation Plan (WMP) (dated 4/21/2021), and LADWP's prior Wildfire Mitigation Plan (dated 4/17/2020). As part of its 2021 submission to the Wildfire Safety Advisory Board (WSAB), LADWP provided an Informational Response document, which responded to each of the recommendations made by the WSAB in the *Guidance Advisory Opinion for the 2021 Wildfire Mitigation Plans of Electric Publicly Owned Utilities and Cooperatives*.

This document is intended to simplify the process of reviewing LADWP's current WMP, but does not represent a comprehensive identification of every single update to LADWP's WMP. Further, this summary is not part of or a supplement to LADWP's WMP. Therefore, a full review LADWP's wildfire mitigation efforts should be based on the actual WMP and Informational Response documents. The table below provides a high-level summary of the key updates.

Section	Title	Description of Updates
2	Roles and Responsibilities	Minor updates to further clarify the roles and responsibilities for LADWP's Energy Control and Grid Reliability and Office of Emergency Management.
3.3	Wildfire Risks and Risk Drivers Associated with Design, Construction, Operation, and Maintenance	Specified areas in which reclosers are blocked during a High Wind Event.
3.4	LADWP Risk Assessment	Updated LADWP's asset information within the City of Los Angeles Service Territory, Owens Valley Service Territory, and transmission mileage.
4.3	Vegetation Management	Provided more information on LADWP's Vegetation Management to include: vegetation management on private properties, industry standards, vegetation management practices, and personnel qualifications.
4.5	Power System Reliability Program	Updated data, graphs, and figures for LADWP's Power System Reliability Program to include Fiscal Year 2019-20.
4.7	Operations and Protocols	Specified areas in which reclosers are blocked. Provided additional information on LADWP's internal processes as they relate to Red Flag Alerts and Red Flag Warnings as well as LADWP's Customer Notification Protocols.
6	Community Outreach and Public Awareness	Provided more information on LADWP's Community Outreach and Public Awareness as it relates to: updates to the public and outreach to external agencies and neighboring utilities.
