Re: Riverside Public Utilities 2022 Wildfire Mitigation Plan

To Whom It May Concern,

As required by Public Utilities Code section 8387, attached is Riverside Public Utilities (RPU) 2022 Wildfire Mitigation Plan (WMP). The plan was adopted by the City of Riverside's Board of Public Utilities on June 27, 2022 (see attached minutes). RPU did not have sufficient time to incorporate the Wildfire Safety Advisory Board's 2021 Guidance Advisory Opinion for the 2022 WMP; however, the recommendations from the Opinion are being fully reviewed and will be addressed in RPU's 2023 WMP.

RPU updated Section VII. Calendar Year 2021: WMP Performance Summary of the 2022 WMP to reflect updates to actions taken during calendar year 2021, reporting on metrics for the same period, and a summary of a wildfire ignition caused by RPU electrical infrastructure. RPU's website is also updated to include prior RPU WMPs.

If you have any questions, please contact Tracy Sato. She can be reached by email at tsato@riversideca.gov or by phone at (951)231-8971.

Sincerely,

Todd Corbin
General Manager
Riverside Public Utilities
