4. These documents contain confidential information that, based on my information and belief, has not been publicly disclosed. Portions of these documents have been marked as confidential, and the basis for confidential treatment and where the confidential information is located on the documents is identified below.

Where Confidential Information is Located on the

Check	<b>Basis for Confidential Treatment</b>	<b>Documents</b>
	Customer-specific data, which may include demand, loads, names, addresses, and billing data.	
	This information is protected under Public Utilities Code ("P.U.C.") §§ 8380 and 15475(c); PG&E Electric and Gas Rules 9 and 27, Civil Code ("Civ. Code") §§ 1798 et seq.; Government Code ("Govt. Code") §§ 6254 and 6255(a); and the California Constitution ("Cal. Const."), Article I, Section 1.	
	In order to meet its statutory obligations, PG&E consistently maintains this information as confidential, protects it from public disclosure, and marks it as confidential when legally required to disclose this information.	
	Length of time for confidential treatment:  ☐ Indefinite. There is no reasonably foreseeable point in time at which this information will no longer be confidential.  ☐ Other:	
	Can this information be disclosed if aggregated?  ☐ Yes. ☐ No.	
	Can this information be disclosed if the confidential portions are masked?  ☐ Yes. ☐ No.	
	Personal information that identifies or describes an individual (including employees), which may include home address or phone number; SSN, driver's license, or passport numbers; education; financial matters; medical or employment history (not including PG&E job titles); and statements attributed to the individual.	
	In order to meet its legal obligations, PG&E consistently maintains this information as confidential, protects it from public disclosure, and marks it as confidential when legally required to disclose the information.	

This information is protected under P.U.C. § 15475(c); Civ. Code §§ 1798 et seq.; Govt. Code §§ 6254 and 6255(a); and the Cal. Const., Article I, Section 1. Length of time for confidential treatment: ☐ Indefinite. There is no reasonably foreseeable point in time at which this information will no longer be confidential.  $\square$  Other: . Can this information be disclosed if aggregated?  $\square$  Yes.  $\square$  No. Can this information be disclosed if the confidential portions are masked?  $\square$  Yes.  $\square$  No. Confidential Physical facility, cyber-security sensitive, or critical information is outlined infrastructure data, including without limitation critical red on: energy infrastructure information (CEII) as defined by the regulations of the Federal Energy Regulatory Commission at Atch A. Page 4 18 C.F.R. § 388.113 and/or General Order 66-D ("The subject information: (1) is not customarily in the public domain by providing a declaration in compliance with Section 3.2(c) stating that the subject information is not related to the location of a physical structure that is visible with the naked eye or is available publicly online or in print; and (2) the subject information either: could allow a bad actor to attack, compromise or incapacitate physically or electronically a facility providing critical utility service; or discusses vulnerabilities of a facility providing critical utility service"). This information is protected under P.U.C. § 15475(c); Govt. Code §§ 6254(k), (ab) and 6255(a); 6 U.S.C. § 131; and 6 Code of Federal Regulations ("CFR") § 29.2. In order to meet its statutory obligations, PG&E consistently maintains this information as confidential, protects it from public disclosure, and marks it as confidential when legally required to disclose the information.

X

This physical facility, cyber-security sensitive, or critical	
infrastructure data meets the following criteria:	
□ This information is customarily in the public	
domain, such as the location of visible equipment.	
☐ This information discusses vulnerabilities of a	
facility providing critical utility service.	
☐ This information has been voluntarily submitted to	
the Office of Emergency services as set forth in	
Government Code section 6254(ab).	
☐ This information, or substantially similar	
Information, was classified as protected critical	
infrastructure information by the Department of	
Homeland Security or Department of Energy.	
Length of time for confidential treatment:	
$\square$ 3 years.	
$\Box$ 5 years.	
☐ Indefinite. There is no reasonably foreseeable point	
in time at which this information will no longer be	
confidential.	
☐ Other:

- 5. The importance of maintaining the confidentiality of this information outweighs any public interest in disclosure of this information. This information should be exempt from the public disclosure requirements under the California Public Records Act and should be withheld from disclosure.
- 6. If this information has been disclosed to a person outside of PG&E, it has been protected through the use of confidentiality or non-disclosure agreements. At this time, PG&E does not have internal processes in place that would allow it to determine whether specific information has been disclosed to independent contractors, third parties, or through the regulatory or litigation process. However, to the extent this information was ever disclosed to a person other than an employee, it has been consistently marked confidential and its disclosure contractually protected through the use of confidentiality and non-disclosure agreements.
- 7. I am authorized to make this application on behalf of PG&E and certify under penalty of perjury that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge.
- 8. Executed on the date indicated in the signature block below at South San Francisco, California.
