Re: Imperial Irrigation District 2021 Wildfire Mitigation Plan Status Report

To Whom It May Concern,

Imperial Irrigation District is pleased to submit the 2021 Wildfire Mitigation Plan Status Report. The status report was approved by the IID Board on August 2, 2022, at its regular board meeting, as Consent Agenda Item #5.

Imperial Irrigation District is currently working on the IID 2023-2025 Wildfire Mitigation Plan, and is adjusting the plan considering recommendations included in the Wildfire Safety Advisory Board's (WSAB) Guidance for Publicly Owned Utilities Advisory Opinion received earlier this year.

If you have questions regarding document submittals, please contact me by email at amarcial@iid.com or at (760) 339-9501.

Regards,

Angel Marcial
