To: 2022 Safety Certifications Docket (#2022-SCs)

Subject: Energy Safety and CPUC to Hold Virtual Public Forums on Electrical Utility Safety Practices

Dear Safety Certification Stakeholders,

California's electrical corporations' safety practices will be highlighted during two virtual public forums on Sept. 14 and 22, both from 9 a.m. to 12:30 p.m. The events will include an opportunity for public comment.

The forum on Sept. 14 will feature presentations from Bear Valley Electric Service (BVES) and Southern California Edison (SCE). The forum on Sept. 22 will feature presentations from San Diego Gas and Electric (SDG&E) and Pacific Gas and Electric (PG&E). Board members from each of the utilities will discuss their company's electrical infrastructure safety efforts.

The Office of Energy Safety Infrastructure (Energy Safety) and the California Public Utilities Commission (CPUC) will host the forums in keeping with their joint commitment to safety and transparency. While this safety briefing satisfies the requirements of Public Utilities Code section 8389(e)(5), no decisions on an organization's safety certification will be made. Regarding the CPUC, although a quorum of Commissioners, their advisors or other decision-makers may be present, no action will be taken at these events.

For participation, please see the information below:

Web Ex Information: www.adminmonitor.com/ca/cpuc

Conference Call Information:

Call-in Number: (800) 857-1917 (English) and (800) 857-1917 (Spanish)

Call-in Passcode: 1767567# (English) and 3799627# (Spanish)

Contact: Carolina.Contreras@cpuc.ca.gov

If reasonable modification or accommodations are needed, including from individuals with disabilities or those who require non-English or sign language interpreters, please contact the

CPUC's Public Advisor's Office at public.advisor@cpuc.ca.gov or toll-free at 866-849-8390 at least three business days in advance of the events.

The meeting agenda and additional information will be found closer to the meeting date on both the [Energy Safety Web site](#) and the [Safety Culture and Governance](#) page on the CPUC website.

Sincerely,

A handwritten signature in black ink, appearing to read "Melissa Semcer". The signature is fluid and cursive, with the first name "Melissa" and last name "Semcer" clearly distinguishable.
