To: 2023-2025 Wildfire Mitigation Plans docket (#2023-2025-WMPs)

Date: December 7, 2022

Re: **Final 2023-2025 WMP Guidelines**

On December 6, 2022, the Office of Energy Infrastructure Safety (Energy Safety) held a public meeting for the adoption of the 2023-2025 Wildfire Mitigation Plan (WMP) Guidelines. The following documents were adopted at that meeting:

- 2023-2025 Wildfire Mitigation Plan Technical Guidelines
- 2023-2025 Independent Transmission Operator Supplement to the Technical Guidelines
- 2023-2025 Wildfire Mitigation Plan Process and Evaluation Guidelines
- 2023-2025 Electrical Corporation Wildfire Mitigation Maturity Model
- 2023 Electrical Corporation Wildfire Mitigation Maturity Survey

The following non-substantive changes have been made from the Proposed Final versions published on December 5, 2022:

- 2023-2025 Wildfire Mitigation Plan Technical Guidelines
 - Section 8.3.1.2, paragraph 2: “vegetation management and inspections” corrected to “situational awareness and forecasting”
- 2023-2025 Wildfire Mitigation Plan Process and Evaluation Guidelines
 - Table 3: Performance metrics numbers updated to align with Data Guidelines

The final versions of the listed documents will be filed to the 2023-2025 WMPs docket (#2023-2025-WMPs) and distributed to the associated service list immediately following the publication of this letter.

Sincerely,

A handwritten signature in black ink that reads "Lucy C Morgans". The signature is written in a cursive, flowing style.

Lucy Morgans
Program Manager, Electric Safety Policy Division
