

OFFICE OF ENERGY INFRASTRUCTURE SAFETY 715 P Street, 20th Floor | Sacramento, CA 95814 916.902.6000 | www.energysafety.ca.gov

Caroline Thomas Jacobs, Director

Date: February 21, 2023

To: 2023-2025 Wildfire Mitigation Plans docket (#2023-2025-WMPs)

Subject: Second Revised Final Maturity Model and Maturity Survey

On December 7, 2022, the Office of Energy Infrastructure Safety (Energy Safety) published the final 2023-2025 Electrical Corporation Wildfire Mitigation Maturity Model (Maturity Model)¹ and final 2023 Electrical Corporation Wildfire Mitigation Maturity Survey (Maturity Survey).² On January 6, 2023, Energy Safety published a revised Maturity Model and a revised Maturity Survey correcting typos and numbering errors.³ Energy Safety is publishing a second revised version that includes non-substantive edits to correct errors in the revised Maturity Model and Maturity Survey. Appendix A presents the changes to the revised final Maturity Model and Maturity Survey in redline (tracked changes). Clean second revisions of the final Maturity Model and Maturity Survey will be filed to docket #2023-2025-WMPs immediately following the publication of this letter.

Sincerely,

Julie Alvis

Acting Deputy Director, Electric Safety Policy Division

Office of Energy Infrastructure Safety

² 2023 Wildfire Mitigation Plan Maturity Survey,

³ Revised Final Maturity Model and Maturity Survey,

Appendix A - Corrections to the revised Maturity Model and Maturity Survey in redline

Correction to the revised Maturity Model

Category G,

Capability 35. Engagement with AFN and socially vulnerable populations

Sub-Capability: Effectiveness

Maturity Level 4

Has demonstrated that its engagement (i.e., outreach, education, and support) has reach at least **995**% of the AFN, medical baseline, and socially vulnerable populations before, during and after a wildfire and/or PSPS event in its service territory

Corrections to Maturity Survey Questions

2.6.4.Q4 Does the electrical corporation own its central monitoring station?

4.4.3.Q5 Does the electrical corporation training content include the use of specialized equipment (e.g., <u>LiDAR range finders</u> and drones) for inspecting <u>assets</u> <u>vegetation</u> for conditions that increase wildfire risk?

Date	No	Yes
Jan. 1, 2023:		
Jan. 1, 2024:		
Jan. 1, 2025:		
Jan. 1, 2026:		

5.4.6.Q2 Did the electrical corporation cause <u>fewer than 1 or more</u> after-event ignitions during re-energization during the past year?

Date	No	Yes
