

San Diego Gas & Electric Company's  
Quarterly Data Report Revision for Q1,  
2022 on WMP Spatial and Non-Spatial  
Data (QDR)

February 15, 2023

Pursuant to the California Public Utilities Commission (Commission or CPUC) Resolution WSD-011, and Wildfire Safety Division's Compliance Operational Protocols, issued February 16, 2021, SDG&E hereby submits a revision to its Quarterly Data Report (QDR) for the period January 1, 2022 through March 31, 2022 (Q1). A copy of this report is being provided to the California Office of Energy Infrastructure Safety (OEIS) docket and the service list of Rulemaking (R.) 18-10-007.

Specifically, this QDR update provides the following:

- An updated geodatabase file containing SDG&E's updated WMP reportable data in the schema provided by WSD (confidential file "SDGE\_2022\_Q1\_R1.gdb.zip") based on version 2.2 of the OEIS GIS schema. SDG&E is also providing an accompanying confidentiality declaration. Within the Q1 2022 gdb, submitted May 2, 2022, the completion of the Microgrid site at Cameron Corners was reported as completed in Q1 in error. The correct Microgrid site that was completed in Q1 is Ramona. SDG&E is resubmitting its Q1 Grid Hardening Point and Log point to accurately reflect the completion of the Ramona Microgrid site.
