BEFORE THE OFFICE OF ENERGY INFRASTRUCTURE SAFETY OF THE CALIFORNIA NATURAL RESOURCES AGENCY

DECLARATION SUPPORTING THE DESIGNATION OF CONFIDENTIAL INFORMATION ON BEHALF OF PACIFIC GAS AND ELECTRIC COMPANY

I, Heidi Ramos, am the Data Response Unit Quality Control ("DRU QC") Compliance and Risk
Consultant, Senior, of Pacific Gas and Electric Company ("PG&E"), a California corporation. Joe
Bentley, Senior Vice President, Electric Engineering at PG&E, delegated authority to me to sign this
declaration. My business office is located at:

Pacific Gas and Electric Company 300 Lakeside Drive Oakland, CA 94612

2. PG&E will produce the information identified in Paragraph 3 of this Declaration to the Office of Energy Infrastructure Safety ("Energy Safety") or departments within or contractors retained by Energy Safety in response to an audit, data request, proceeding, or other request by Energy Safety.

Name of Energy Safety Proceeding (if applicable): N/A

4. These documents contain confidential information that, based on my information and belief, has not been publicly disclosed. These documents have been marked as confidential in red font on the header of the relevant portions of the document. Please note that starting in the second half of 2022, PG&E implemented an internal automated data classification tool which mandates the labeling of all documents and emails with one of four increasing security classifications: public, internal, confidential, and restricted. These classifications serve a purpose separate and apart from advising Energy Safety that certain information is confidential; these classifications are for PG&E data security. For purposes of

confidentiality designation, we ask that you please disregard the internal black font labeling at the footer of all documents which is distinguished from the Energy Safety confidentiality markings in red font at the header of relevant pages of the documents. The basis for Energy Safety confidential treatment and where the ENERGY SAFETY confidential information is located on the documents are identified on the following chart:

- 5. The importance of maintaining the confidentiality of this information outweighs any public interest in disclosure of this information. This information should be exempt from the public disclosure requirements under the California Public Records Act and should be withheld from disclosure.
- 6. If this information has been disclosed to a person outside of PG&E, it has been protected through the use of confidentiality or non-disclosure agreements. At this time, PG&E does not have internal processes in place that would allow it to determine whether specific information has been disclosed to independent contractors, third parties, or through the regulatory or litigation process. However, to the extent this information was ever disclosed to a person other than an employee, it has been consistently marked confidential and its disclosure contractually protected through the use of confidentiality and non-disclosure agreements.
- 7. I am authorized to make this application on behalf of PG&E and certify under penalty of perjury that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge.
- 8. Executed on the date indicated in the signature block below at Richmond, California.
