**RE: PacifiCorp Extension Request for 2023-2025 Wildfire Mitigation Plan Comment  
Deadline for The Public Advocates Office**

Dear Ms. Morgans:

PacifiCorp filed its Wildfire Mitigation Plan with the Office of Energy Infrastructure Safety on May 8, 2023 and has been working with parties on a number of discovery requests. Due to subject matter expert availability, the Company requested an extension for its response to the Public Advocates Office's (Cal Advocates) Data Request Set #8 (served on May 25, 2023 and initially due on May 31, 2023).

Consistent with the Office of Energy Safety's 2023-2025 WMP Process and Evaluation Guidelines, Section 8.2 'Data Request Process for Data Request Stakeholders,' PacifiCorp worked with Cal Advocates to reach an agreement on a three-day extension to provide the data by June 5, 2023.

Public comments on the electrical corporations' submissions are due by June 29, 2023. Due to the three-day extension needed to provide the data responses, the Company is requesting an equal extension for Cal Advocates to file comments on the PacifiCorp's 2023-2025 WMP, thereby extending the due date to July 5, 2023.

Sincerely,

Matthew McVee  
Vice President, Regulatory Policy and Operations
