Re: Agreement of Pacific Gas and Electric Company to Implement the Recommendations of  
the Final 2022 Safety Culture Assessment Report

Dear Director Thomas Jacobs:

Pacific Gas and Electric Company (PG&E) appreciates the Office of Energy Infrastructure Safety's (Energy Safety) efforts to prepare the 2022 Safety Culture Assessment conducted pursuant to Public Utilities Code Section 8389(d)(4). Pursuant to Public Utilities Code Section 8389(e)(2), PG&E may satisfy the "good standing" requirement for purposes of its annual safety certification request by agreeing to implement the findings of its annual safety culture assessment, if applicable. Energy Safety's letter of May 8, 2023, enclosing PG&E's 2022 Safety Culture Assessment Report, instructs PG&E to document its agreement for purposes of Section 8389(e)(2) via a letter submitted to Energy Safety.

By this letter, PG&E agrees to implement all of the findings and recommendations for improvement of the 2022 Safety Culture Assessment Report for PG&E. PG&E further expresses its commitment to work with Energy Safety and the National Safety Council regarding their implementation.

If you have any questions or concerns, please do not hesitate to contact the undersigned at [matt.hayes@pge.com](mailto:matt.hayes@pge.com) or Wade Greenacre at [wade.greenacre@pge.com](mailto:wade.greenacre@pge.com).

Very truly yours,

/s/ *Matt Hayes*

Matt Hayes  
Vice-President and Chief Safety Officer
