Data Request No: OEIS-P-WMP_2023-BVES-001

Subject: Q01. PSPS Objective Completion Date

DATA REQUEST

Q01. Regarding PSPS Objective Completion Date:

a. In Table 9-3 “PSPS Objectives (3-year plan)”, the completion date for “continue to conduct comprehensive outreach to identify households with AFN persons” is blank. If this cell was inadvertently left blank, provide the completion date. If intentionally blank, please explain why this objective does not have a completion date.

Response:

The completion date for “continue to conduct comprehensive outreach to identify households with AFN persons” was inadvertently left blank. The completion date is “Continuously Ongoing.” AFN population constantly changes, so this must be an ongoing effort.
