Re: Silicon Valley Power's 2023 Wildfire Mitigation Plan Update

To Whom It May Concern,

In compliance with Public Utilities Code section 8387, attached is the Silicon Valley Power's (SVP) draft 2023 Wildfire Mitigation Plan (WMP). The plan is currently in draft status and will be brought before the City Council for adoption in September 2023. SVP conducted its comprehensive review as required in 2022.

The draft WMP incorporated feedback received from the California Wildfire Safety Advisory Board Guidance Advisory Opinion for the 2023 Wildfire Mitigation Plans of Electric Publicly Owned Utilities and Rural Electric Cooperatives ("2022 Guidance Opinion"). SVP will make a supplemental filing after the draft plan is adopted by the City Council and redline edits.

If you have any questions regarding the plan, please contact Basil Wong who can be reached by email at bwong@SantaClaraCA.gov.

Respectfully submitted,

Basil Wong
Electric Division Manager
