Response Date: 7/19/2023

Question 01:

Regarding Post-PSPS Wind-Related Damage Analysis

- a. In response to Area for Continued Improvement SCE-22-26 (SCE's 2023-2025 WMP, page 787), SCE states it is evaluating the potential consequences of the 46 incidents of wind-related damage found after PSPS events. SCE stated that it plans to complete the analysis by the end of Q2, 2023.
- i. Please provide the findings from this analysis.

Response to Question 01:

Please see attached file ("Damage Point TS Analysis.xlsx") for the requested analysis.
