Caroline Thomas Jacobs, Director  
Office of Energy Infrastructure Safety  
715 P Street, 20th Floor  
Sacramento, CA 95814

**SUBJECT:** Southern California Edison’s Notification of Completion of Substantial Vegetation Management in accordance with California Public Utilities Code Section 8386.3.(c)(5)(A) for VM-2 Structure Brushing Inspections and Clearance and VM-3 Expanded Clearances for Generation Legacy Facilities as of July 31, 2023

Dear Director Thomas Jacobs,

In accordance with California Public Utilities Code Section 8386.3(c)(5)(A), Southern California Edison Company is providing notification to the Office of Energy Infrastructure Safety that it has completed a substantial portion of two of its 2023 Wildfire Mitigation Plan vegetation management initiatives as of July 31, 2023, as shown in the table below.

2023 WMP Initiative	YTD Completion Volume (as of 7/31/23)
<u>VM-2: Structure Brushing Inspections and Clearance</u> SCE will inspect at least 63,700 structures, with the exception of structures for which there are customer access or environmental constraints.	54,955
<u>VM-3: Expanded Clearances for Generation Legacy Facilities</u> SCE will perform vegetation management treatment and maintenance to 50 sites	44
