APPENDIX A

Non-Substantive Errata

SCE must correct the following errata according to its responses to Energy Safety's data requests, as noted below.

- Update vegetation management targets in Table 8-15 to state "will inspect," according to SCE's response to Data Request OEIS-P-WMP_2023-SCE-005 Question 001. - Update verification methods in Tables 8-33 and 8-34 according to SCE's response to Data Request OEIS-P-WMP_2023-SCE-007 Question 001. In response to this data request, SCE provided expanded verification methods for its 3-year and 10-year Objectives.
- Update supporting documentation references in Table 10-1 according to SCE's response to Data Request OEIS-P-WMP_2023-SCE-009 Question 2. In response to this data request, SCE provided further explanation in the reference column.
