SUBJECT: REGARDING UNDERGROUND FACILITY FIRE INCIDENTS

QUESTION 002

- a. Provide a list of any incidents reported to the CPUC involving fires caused by underground equipment/facilities or at PG&E underground vaults from 2015 to 2023.
- b. Provide any reports completed by PG&E for fires caused by underground equipment/facilities or at PG&E underground vaults from 2015 to 2023.

ANSWER 002

- a. PG&E is providing two lists (1) all CPUC Reportable Ignitions since 2015 associated with underground/subsurface assets in “WMP-Discovery2023_DR_OEIS_010-Q002Atch01.pdf” and (2) all incidents that were reported to the Commission as an Electric Incident involving a fire associated with underground assets in “WMP-Discovery2023_DR_OEIS_010-Q002Atch02.pdf”. In some instances, an event may meet both criteria and be referenced in both tables.
- b. Please see “WMP-Discovery2023_DR_OEIS_010-Q002Atch03 – Atch40.pdf” for a copy of all reports completed by PG&E for fires caused by underground equipment/facilities or at PG&E underground vaults from 2015 to 2023. We are including “WMP-Discovery2023_DR_OEIS_010-Q002Atch41.pdf”, which will provide the incident location and date for each report being produced.
