

Vegetation Management Distribution Inspection Records

SUMMARY

This bulletin describes how to document the reasons for prescribing removal and is an addition to Section 4.1 “Prescribing Work” of the TD-7102P-01, “Vegetation Management Distribution Inspection Procedure.”

Informational Use

AFFECTED DOCUMENT

TD-7102P-01, “Vegetation Management Distribution Inspection Procedure”

TARGET AUDIENCE

Distribution Vegetation Management Inspectors (VMI)

Vegetation Management Supervisors

Vegetation Program Manager (VPM)

WHAT YOU NEED TO KNOW

1. The VMI must perform the following steps when prescribing a vegetation point for removal:
 - SELECT reason for removal: Grow In Risk, Fall In Risk or Other
 - DOCUMENT the reasons for prescribing vegetation point for removal in the “Removal Comments” field (SEE Appendix B, “Overview of Tree Defects and Site Conditions” in the [TD-7102P-01, “Vegetation Management Distribution Inspection Procedure.”](#))
 - Since Appendix B is a non-exhaustive list, DOCUMENT any additional conditions.
2. DO NOT USE this information to provide details for locating vegetation points.
3. KEEP information limited to the reasons for removal. Information will not be available for Tree Crew or other personnel to view.
