Re: City of Azusa – Light & Water Department 2024 Wildfire Mitigation Plan

Dear Wildfire Safety Advisory Board:

This letter notifies the Wildfire Safety Advisory Board (“WSAB”) that on June 19, 2023, the City of Azusa City Council adopted Azusa Light and Water’s comprehensive Wildfire Mitigation Plan alongside the Independent Evaluation Report by Dudek Inc. Soon thereafter, ALW submitted its 2023 comprehensive WMP, and the Independent Evaluation report by Dudek to WSAB. In addition, the two documents were posted on the City’s website for public review.

For the year 2024, ALW did not update or change its WMP as there were no material or policy changes in its distribution system. On June 24, ALW presented its 2023 WMP to the Azusa Utility Board during its regular monthly meeting to provide the opportunity for public and Utility Board comments as required by PUC section 8387 (b).

ALW hereby resubmits its 2023 comprehensive WMP to WSAB for the year 2024. If you have any questions, I can be reached by email at hvuong@azusaca.gov or by phone at (626)812-5172

Sincerely,

A handwritten signature in blue ink, appearing to read "Hien Vuong", is written over the typed name.

Hien Vuong

Assistant General Manager – Electric Operations
