2. I hereby provide this Declaration pursuant to California Code of Regulations Section 29200 to demonstrate that the confidential information (Protected Information) provided in the WMP is within the scope of data protected as confidential under applicable law. **Liberty Request for Confidentiality  
on the following information in its 2023-2025 Wildfire Mitigation Plan**

<b>Location of Protected Information</b>	<b>Legal Citations</b>	<b>Narrative Justification</b>
<p>Names, email addresses, and telephone numbers in Liberty’s 2023-2025 WMP. Specifically, section 2 (list of responsible persons), and section 8, table 8-55 “Liberty High-Level Communication Protocols, Procedures, and Systems with Public Safety Partners”</p>	<p>CPRA Exemption, Gov’t Code § 6254(c) (“disclosure of which would constitute an unwarranted invasion of personal privacy”);</p> <p>CPRA Exemption, Gov’t Code § 6255(a) (Balancing Test).</p>	<p>Energy Safety requires Liberty to provide the names, email addresses, and phone numbers of third-party Public Safety Partners as a component of its WMP submission. The information contained in table 8-55 of Liberty’s 2023-2025 WMP constitutes personally identifying information that, if shared, could pose a risk to the affected third parties, including both safety and cybersecurity risks. Additionally, the individuals listed in table 8-55 are private citizens not otherwise affiliated with Liberty, thus it would be inappropriate for Liberty to share this information publicly.</p> <p>As these individuals have limited to no role in designing or implementing Liberty’s Wildfire Mitigation Plan and they are not otherwise subject to regulation by Energy Safety, the public interest in non-disclosure of their personally identifying information vastly exceeds any public interest in its disclosure.</p>
