SUBJECT: Southern California Edison’s Notification of Completion of Substantial Vegetation Management in accordance with California Public Utilities Code Section 8386.3.(c)(5)(A) for VM-7: Detailed inspections for the prescriptions, where necessary and feasible, of expanded vegetation clearances from distribution lines in HFRA as of September 30, 2024

Dear Director Thomas Jacobs,

In accordance with California Public Utilities Code Section 8386.3(c)(5)(A), Southern California Edison Company is providing notification to the Office of Energy Infrastructure Safety that it has completed a substantial portion of one of its 2024 Wildfire Mitigation Plan vegetation management initiatives as of September 30, 2024, as shown in the table below.

2024 WMP Initiative	YTD Completion Volume (as of 9/30/24)
<u>VM-7: Detailed inspections for the prescriptions, where necessary and feasible, of expanded vegetation clearances from distribution lines in HFRA</u> SCE plans to inspect 770 grids within our distribution system.	660

Following the substantial completion of VM-7, all Vegetation Management activities have met substantial completion in 2024.
