Re: **Spatial and Non-Spatial Data Submission Revision of 2024 Filings**  
**Docket: 2024-QDR**

Dear Mr. Mohammed:

Pacific Gas and Electric Company is notifying you of the resubmission of the PG&E's Q4 2024 Quarterly Data Report (QDR). Pursuant to the Data Guidelines, v3.2, Section 2.4 – Revisions to Previously Submitted Data, Energy Safety instructs that, when an electrical corporation becomes aware of a need for revisions to previously submitted data, the electrical corporation provide the revisions by the next quarterly submission date.<sup>1</sup>

### **Description**

#### **Revision 1:**

PG&E's Q4 QDR is being resubmitted with distribution asset tag data that was omitted from the Q4 QDR submission.

### **Explanation for Each Revision**

#### **Revision 1:**

Upon reviewing our 2024 data, we discovered that we were reporting the date the tags were closed in our data management system, rather than the date they were closed in the field. This issue has been addressed in this resubmission. We are also evaluating the extent of previously submitted data that needs to be revised to reflect this more accurate approach and will be providing updated past QDRs shortly.

**Record IDs**Revision 1:

**Conclusion**

We appreciate this opportunity to update our QDR data. Please do not hesitate to reach out should you have any questions or concerns.

Very truly yours,
