Re: **Spatial and Non-Spatial Data Submission Revision of 2024 Filings**
Docket: 2024-QDR

Dear Mr. Mohammed:

Pacific Gas and Electric Company is notifying you of the resubmission of the PG&E's Q1 2024 – Q3 2024 Quarterly Data Report (QDR). Pursuant to the Data Guidelines, v4.0, Section 2.4 – Revisions to Previously Submitted Data, Energy Safety instructs that, when an electrical corporation becomes aware of a need for revisions to previously submitted data, the electrical corporation provide the revisions by the next quarterly submission date.¹

Description

Revision 1:

PG&E's Q1 2024 through Q3 2024 QDRs are being resubmitted with updated distribution asset tag data.

Explanation for Each Revision

Revision 1:

Upon reviewing our 2024 data, we discovered that we were reporting the date the tags were closed in our data management system, rather than the date they were closed in the field. This resulted in tag closure dates appearing to be later than they actually were. This issue has been addressed in this resubmission.

¹ See Energy Safety Data Guidelines, Version 4.0 (Mar. 3, 2025) at 8 (“Revisions to Previously Submitted Data.”).

Related Feature or Table Name

Revision 1:

Conclusion

We appreciate this opportunity to update our QDR data. Please do not hesitate to reach out should you have any questions or concerns.

Very truly yours,
