

## **Meeting Slides and Recording**

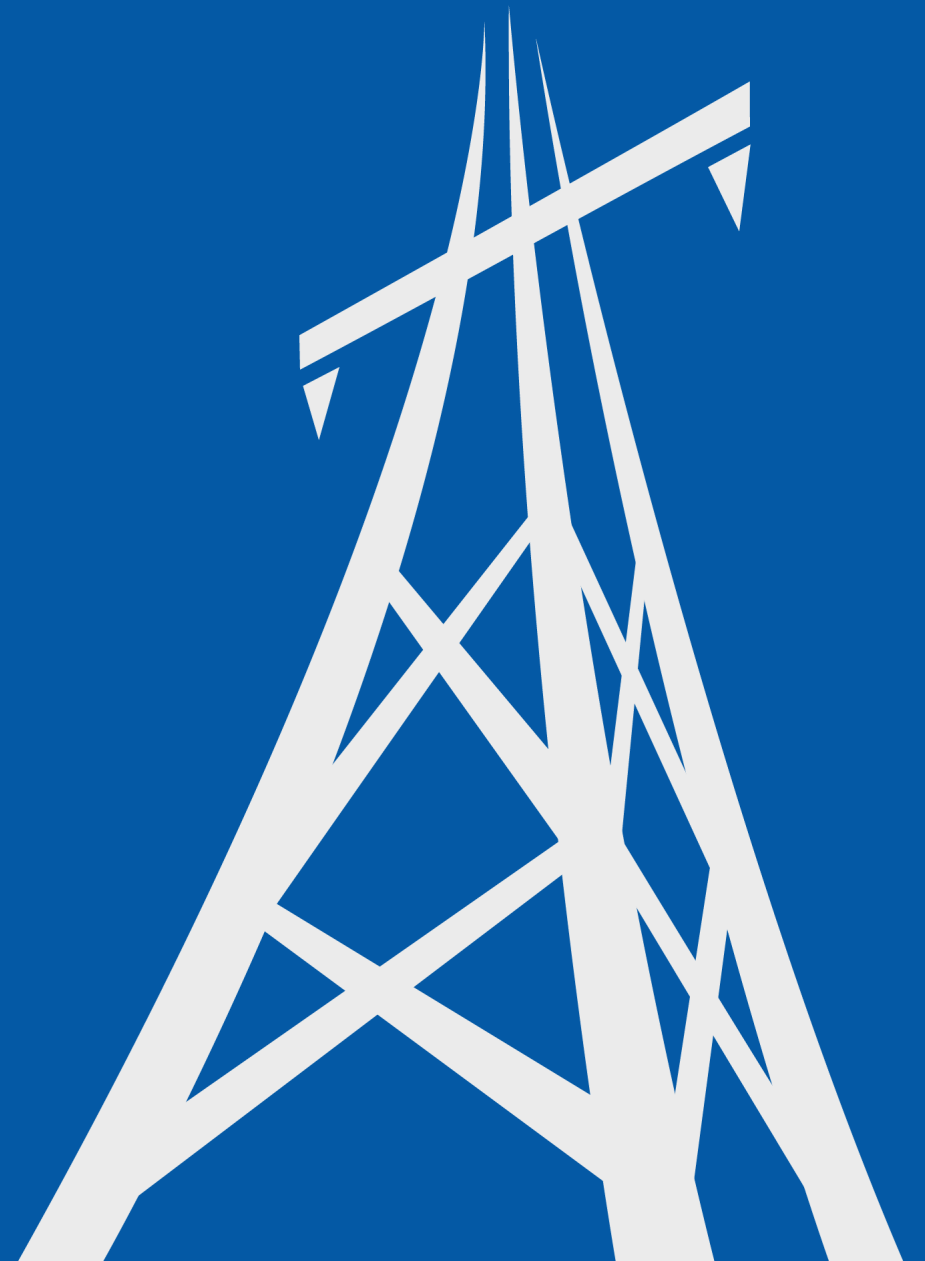

### **ADOPTION MEETING FOR ELECTRICAL CORPORATION WILDFIRE MITIGATION MATURITY MODEL AND SURVEY GUIDELINES AND ELECTRICAL CORPORATION WILDFIRE MITIGATION MATURITY SURVEY**

The Office of Energy Infrastructure Safety (Energy Safety) held a public adoption meeting for the Electrical Corporation Wildfire Mitigation Maturity Model and Survey Guidelines (Maturity Model and Survey Guidelines) and Electrical Corporation Wildfire Mitigation Maturity Survey (Maturity Survey) documents on March 19, 2025. A recording of the meeting can be found on Energy Safety's YouTube channel at <https://www.youtube.com/watch?v=hXBpP-AuXvU>. The slides shown during the meeting are attached to this document.

# DRAFT WILDFIRE MITIGATION MATURITY MODEL AND SURVEY GUIDELINES (PACKAGE 2)

Public Adoption Meeting  
Office of Energy Infrastructure Safety  
Wednesday, March 19, 2025

# Welcome & Introduction

# AGENDA

**March 19, 2025 | 10am – 11:30am**

10:00 a.m. – 10:10 a.m.	<b>Introduction from Energy Safety</b>
10:10 a.m. – 10:25 a.m.	<b>Overview of the Document and Clarifying Changes from Draft to Final</b>
10:25 a.m. – 11:25 a.m.	<b>Public Comment</b>
11:25 a.m. – 11:30 a.m.	<b>Adoption of the WMP Guidelines and Closing Statement</b>

# SAFETY MESSAGE

- Be aware of your surroundings
- Know your emergency exits and evacuation route(s)
- Feel something, say something
- Take regular breaks; get up and stretch
- Keep emergency contact information readily available

# Overview of the Wildfire Mitigation Maturity Model and Survey (MM/MS) Guidelines

# OVERVIEW OF MM/MS GUIDELINES (1 OF 4)

## Previous WMP Suite of Documents:

1. 2023 – 2025 WMP Technical Guidelines
2. 2023 – 2025 WMP Process and Evaluation Guidelines\*
3. 2023 – 2025 WMP Independent Transmission Owner (ITO) Supplement to the Technical Guidelines
4. 2023 – 2025 Electrical Corporation Wildfire Mitigation Maturity Model
5. 2023 Electrical Corporation Wildfire Mitigation Maturity Survey

\*Note that some Process and Evaluation content is now located in the Energy Safety Policy Division Process Guidelines

## \*Proposed WMP Suite of Documents:

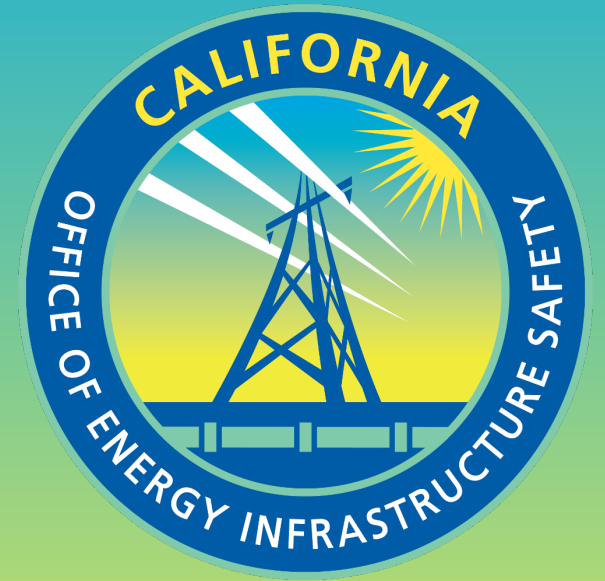

1. WMP Guidelines (*Adopted 2/21*)
  - Contains:
    - Process & Evaluation Chapter
    - Base WMP Requirements Chapter
    - Petition to Amend Chapter
    - ITO Modified Requirements Chapter
2. Draft Electrical Corporation Wildfire Mitigation Maturity Model and Survey Guidelines

\*"Ever-greening" of the proposed suite of Guideline documents to allow updates to occur as needed

# OVERVIEW OF MM/MS GUIDELINES (2 OF 4)

Composition:

1. Maturity Model and Survey Guidelines
2. Maturity Survey Excel Spreadsheet

# OVERVIEW OF MM/MS GUIDELINES (3 OF 4)

The **Maturity Model** is:

- A quantitative method to assess EC wildfire risk mitigation capabilities and examine how ECs propose to continuously improve in key areas of the WMP
  - Organized into 7 categories with 38 total capabilities

The three main objectives of the Maturity Model are:

1. Provide a tool to measure an EC's maturity in mitigating wildfire and outage risk
2. Drive year-over-year continual improvement
3. Create a quantitative history of EC maturity growth for examination in future years

The **Maturity Survey** is an Excel workbook tool to enable an EC to report its existing and planned maturity level for each sub-capability of the Maturity Model

# OVERVIEW OF MM/MS GUIDELINES (4 OF 4)

- Published first draft of MM/MS Guidelines Package on 2/10/25
  - Received written comments from SDG&E, PG&E, and SCE (jointly) on 3/3/25
  - Question-and-Answer Session held on 3/11/25
  - No reply comments received on 3/12

# Overview of Clarifying Changes from Draft to Final

# CHANGES (DRAFT TO FINAL)

- Throughout Capabilities:
  - Clarified “minimum Energy Safety requirements” where applicable (throughout capabilities)
    - *Joint-IOU comment*
- Capability 12; Transparency sub-capability
  - Updated “facility guidelines” to “facility design and operation” to be consistent with sub-capability language
    - *Joint-IOU comment*
- Capability 32; Comprehensiveness sub-capability
  - Clarified emergency support services for “impacted” customers
    - *Joint-IOU comment*

## **PUBLIC COMMENT**

If you wish to comment:

- Press the “raise hand” button on Teams
  - Participants will be unmuted in order of hands raised
- Dial-in participants need to press \*5 to raise hand

**5-MINUTE BREAK**

A landscape photograph showing rolling hills and a valley. In the foreground, there are green fields and a small pond. In the background, there are brown, hilly mountains. Two large electrical transmission towers are visible, one on the left and one on the right. A large blue circle is overlaid in the center of the image, containing white text.

# Adoption of the MM/MS Guidelines & Closing Remarks

# NEXT STEPS

- By close of business on Thursday, March 20, 2025, Energy Safety will publish the final versions of the MM/MS Guidelines and the Maturity Survey
- Reminder to subscribe to the WMP Guidelines and evaluation dockets to stay current on Energy Safety's WMP evaluation process. Instructions can be found on our website
