CLOSURE OF NOTICE OF VIOLATION

Ms. Shinjini Menon:

The Office of Energy Infrastructure Safety (Energy Safety) issued Notice of Violation (NOV), NOV ESD_SCE_GCA_20250325_1148 to Southern California Edison (SCE) on April 15, 2025,¹ pursuant to Public Utilities Code section 326 and Government Code section 15475.1. SCE submitted its response on April 25, 2025², which addressed the identified violation.

After reviewing the response and photograph indicating that the bamboo culm was removed, Energy Safety has determined that SCE has adequately addressed Energy Safety's concerns. For that reason, Energy Safety has closed NOV ESD_SCE_GCA_20250325_1448, and no further action on this matter is required by SCE.

If you have any questions, please contact me or Akiko Masuda at Akiko.Masuda@energysafety.ca.gov.

Sincerely,

Sheryl Bilbrey
