BOARD AGENDA MEMORANDUM

Consent

SUBJECT
DEPARTMENT
PRESENTER

2024 Senate Bill 901 Wildfire Mitigation Plan Status Report
Power
Sabrina Barber, manager, Distribution Services and Maintenance Operations

Background

CONSENT ITEM NO. 1

California Senate Bill No. 901 requires electric utilities to develop and maintain a Wildfire Mitigation Plan designed to reduce the risk of wildfire ignitions caused by utility infrastructure located within CAL FIRE-designated High or Very High Fire Hazard Severity Zones.

Although the Imperial Irrigation District does not operate power infrastructure within these designated high-risk zones, its Wildfire Mitigation Plan outlines proactive measures and ongoing initiatives aimed at minimizing the potential for wildfire ignitions across its service area.

In accordance with regulatory requirements, IID submits its Wildfire Mitigation Plan updates and associated status reports to the Office of Energy Infrastructure Safety and the California Wildfire Safety Advisory Board at the required intervals.

Enclosed is IID's draft 2024 SB 901 Wildfire Mitigation Plan Status Report, which is due to WSAB by July 1, 2025. A copy of the draft report was posted to IID's website on April 21, 2025, to allow for public comment.

Financial Impact

None.

Recommendation

Acknowledge receipt of the 2024 SB 901 Wildfire Mitigation Plan Status Report.

MOTION:

Moved by Director Cardenas, seconded by Vice Chairman Hamby, that the board approve consent agenda items 1 and 2, with consent item No. 3 moved to Consent Items Added to Action Agenda. Motion carried 5-0.

Raquel Najera, Secretary
Board of Directors
