Investigation:

Notification of the Incident

On October 24, 2024, at 9:02 a.m., Southern California Gas Company, submitted a notification of an incident to the California Underground Safety Board. The notification stated, on September 14, 2024, Fairway Landscape & Irrigation, Inc., at 2487 Powell Drive, Rialto, California 92377, was performing “Excavation with a shovel with no USA while doing landscaping work.” (Exh. 1.)

The case was assigned to Investigator Ousama Alkahwaji (Investigator).

Excavation and Identity of the Excavator

Government Code section 4216(g) defines “excavation” to be the use of tools or equipment to move or displace earth, rock, or other material in the ground.

Government Code section 4216(h) defines an excavator to be “any person, firm, contractor or subcontractor, owner, operator, utility, association, corporation, partnership, business trust, public agency, or other entity that with their own employees or equipment, performs any excavation.”

On November 12, 2024, Supervising Investigator Daysi Alcantar spoke by telephone with Sean Keays, Construction Manager, at Fairway Landscape & Irrigation, Inc. During the conversation, Keays stated that three employees of Fairway Landscape & Irrigation, Inc., were planting 15-gallon plants and digging to approximately 18-inches deep with shovels and a pick at 2487 Powell Drive Rialto, California 92377. (Exh. 2.) An employee using the pick damaged the gas line. (Exh. 4.)

Fairway Landscape & Irrigation, Inc., was licensed as of October 29, 2024, by the California Contractors State License Board, license number 326636, with a C27 – Landscaping classification. (Exh. 3.)

Fairway Landscape & Irrigation, Inc., Did Not Contact the Regional Notification Center Before Excavating

Government Code section 4216.2(b) states that an excavator planning to excavate shall notify the appropriate regional notification center of the excavator's intent to excavate at least two working days, and not more than 14 calendar days, before beginning that excavation.

Fairway Landscape & Irrigation, Inc., did not notify the regional notification center prior to digging at 2487 Powell Drive, Rialto, California 92377. Fairway Landscape & Irrigation, Inc., Construction Manager Sean Keays stated in a telephone conversation with Alcantar on November 12, 2024, that "Fairway Landscape has been in business for 50 years and they are familiar with calling in to obtain a ticket but that day they were really busy and forgot to call" (Exh. 2.)

On October 29, 2024, Investigator emailed Amber Dahl, (Dahl) Safety Awareness Director, at DigAlert, requesting ticket information for 2487 Powell Drive, Rialto, California 92377, from August 01, 2024, to September 14, 2024. (Exh. 5.)

Dahl responded by email on October 30, 2024, and confirmed that a ticket did not exist for 2487 Powell Drive, Rialto, California 92377 for September 14, 2024. (Exh. 6.)

Fairway Landscape & Irrigation, Inc., Did Not Contact 911 Emergency Services Upon Gas Release

Government Code section 4216.4(c)(1) states an excavator shall call 911 emergency services upon discovering or causing damage to a gas or hazardous liquid pipeline subsurface installation in which the damage results in the escape of any flammable, toxic, or corrosive gas or liquid.

After damaging the line, Fairway Landscape & Irrigation, Inc., contacted the Southern California Gas Company and the regional notification center but did not call 911. (Exh. 4.)

Findings:

1. Fairway Landscape & Irrigation, Inc., failed to contact the Regional Notification Center before digging on September 14, 2024, at 2487 Powell Drive, Rialto, California 92377.
2. After damaging the gas line, Fairway Landscape & Irrigation, Inc., did not call 911 emergency services.

INTERVIEW:

I received a call from Keays who stated the following:

- Keays is Project Manager at Fairway Landscape and has been employed for 12 years
- Keays stated that Fairway Landscape was the subcontractor and failed to call a DigAlert for a ticket before the work and after to report the damage. Fairway Landscape called SCG to report the damage.
- Keays stated that Fairway Landscape has been in business for 50 years and they are familiar with calling in to obtain a ticket but that day they were really busy and forgot to call.
- Keays stated there was a crew of 3 Fairway Landscape laborers the day of the incident and one of them hit the gas line. The crew was planting 15-gallon plants and excavated approximately 18-inches. It was a rocky area in which they had to use a shovel & a pick. After the crew hit the gas line one of the Fairway Landscape laborers bent the gas line to stop the leak. Keays was called to the job site and stated that he (Keays) called SCG to report the gas leak.
