

California Underground Facilities Safe Excavation Board

In the Matter of
Dynamic General Construction,
Respondent

Case No. 23NTS0016

DECISION REGARDING NOTICE OF PROBABLE VIOLATION

On July 14, 2025, the Office of Energy Infrastructure Safety, California Underground Facilities Safe Excavation Board (the Board) considered Case No. 23NTS0016. The Board issued a Notice of Probable Violation (NOPV) to Dynamic General Construction (Respondent) on May 21, 2025. Respondent submitted a written response to the Board for consideration.

Board members Clausen, Johns, Johnson, Muñoz, and Simonian participated in the decision.

FINDINGS

Having considered the investigation report, the Board finds that violations of the Government (Gov.) Code sections 4216.2, subsection (b) and section 4216.4, subsection (c)(3) and (4); title 19 of the California Code of Regulations (CCR) section 4100, subsection (a) occurred. The potential violation of Gov. Code 4216.4(c)(2), failure to notify the operator of damage, was withdrawn by investigative staff and was not heard by the Board.

VIOLATION SUMMARY

Government Code § 4216.2(b): Failure to notify the regional notification center of intent to excavate prior to starting excavation. Gov. Code 4216.2, subsection (b) requires an excavator planning to conduct an excavation to notify the appropriate regional notification center of the excavator's intent to excavate at least two working days, and not more than 14 calendar days, before beginning that excavation unless it is an emergency.

Gov. Code § 4216.4(c)(3), (4); Cal. Code Regs., title 19, § 4100(a): Failure to notify the regional notification center of excavation damage to a natural gas facility within two hours of the damage.

JURISDICTION

When the Board finds a probable violation of the Dig Safe Act (Gov. Code section 4216 et seq.), the Board must transmit the investigation results and any recommended penalty to the appropriate agency identified in Gov. Code section 4216.6, subsection (c) or (d). This matter is subject to the jurisdiction of the CONTRACTORS STATE LICENSE BOARD which may accept, amend, or reject this Board's recommendation.

SANCTIONS

The Board RECOMMENDS that the CONTRACTORS STATE LICENSE BOARD order Respondent to take the Board's education course and pay a penalty of \$5,000.

The following factors were considered relevant to this sanction determination:

- Respondent's violations were serious.
- Respondent failed to notify 811 before excavating.
- Respondent damaged a subsurface 2-inch natural gas line which resulted in a gas escape.
- Respondent did not notify the regional call center within two hours of damaging the subsurface pipeline.
