Sacramento, CA 95814

SUBJECT: Southern California Edison's Notification of Completion of Substantial Vegetation Management in accordance with California Public Utilities Code Section 8386.3(c)(5)(A) for VM-4 and VM-8 as of August 31, 2025

Dear Director Thomas Jacobs,

In accordance with California Public Utilities Code Section 8386.3(c)(5)(A), Southern California Edison Company is providing notification to the Office of Energy Infrastructure Safety that it has completed a substantial portion of two of its 2025 Wildfire Mitigation Plan vegetation management initiatives as of August 31, 2025, as shown in the table below.

2025 WMP Initiative	YTD Completion Volume (as of 8/31/2025)
<u>VM-4: Dead and Dying Tree Removal</u> Inspect 536 grids/circuits and prescribe mitigation for dead and dying trees with strike potential within those grids.	450
<u>VM-8: Detailed inspections for the prescriptions, where necessary and feasible, of expanded vegetation clearances from transmission lines in HFRA</u> Inspect 416 circuits within our transmission system.	368
