

## CALIFORNIA UNDERGROUND SAFETY BOARD INVESTIGATION DIVISION

### INVESTIGATION REPORT

**Date:** August 7, 2025

**Case No.:** 23NTS0026

#### **Violations:**

Streamline Construction, Inc.

Government Code § 4216.2(b): Excavating without first notifying the regional notification center of intent to excavate.

Government Code § 4216. 4(c)(1): Excavator failure to call 911 emergency services upon discovering or causing damage to subsurface installation resulting in the escape of flammable, toxic, or corrosive gas or liquid.

VEL Construction, Inc.

Government Code § 4216.2(b): Excavating without first notifying the regional notification center of intent to excavate.

Government Code § 4216. 4(c)(1): Excavator failure to call 911 emergency services upon discovering or causing damage to subsurface installation resulting in the escape of flammable, toxic, or corrosive gas or liquid.

Cal. Code Regs., title 19, § 4151(c): Failure to cooperate with the investigation.

#### **Executive Summary:**

On November 29, 2023, VEL Construction, Inc. dug a trench with a shovel to install drainage, without first contacting the regional notification center and damaged a plastic natural gas facility. Upon the escape of gas from the subsurface installation, VEL Construction, Inc. did not call 911 emergency services to report it. No one was injured and no equipment, other than the natural gas facility, was damaged.

Streamline Construction, Inc. contracted with VEL Construction, Inc. to perform the trenching drainage work. VEL Construction, Inc. stated by email that they would cooperate with the California Underground Safety Board's (Board) investigation but subsequently failed to respond to Investigator following contact by both email and phone.

**Reporting Party Information:**

Southern California Gas Company  
555 West 5th Street  
Los Angeles, California 90013

**Date of Incident:**

November 29, 2023

**Location of the Incident:**

2527 Bunya Street  
Newport Beach, California 92660

**Operator:**

Southern California Gas Company  
555 West 5th Street  
Los Angeles, California 90013

**Excavators:****Prime Contractor**

Streamline Construction, Inc.  
23632 Via Fabricante, Suite F  
Mission Viejo, California 92691

**Sub-Contractor**

VEL Construction, Inc.  
17123 Grapevine Court  
Fontana, California 92337

**Facility Type Damaged:**

Plastic natural gas facility

**Investigation:****Notification of the Incident**

On December 11, 2023, the Southern California Gas Company submitted a notification of an incident to the Board. The notification stated a “3rd party contractor installing drainage without a valid USA struck and damaged plastic service.” (Exh. 1.)

The case was assigned to Investigator Jeff McClenahan (Investigator).

### **Identity of the Excavator and the Prime and Subcontractor**

Government Code section 4216(g) defines “excavation” to be the use of tools or equipment to move or displace earth, rock, or other material in the ground.

Government Code section 4216(h) defines an excavator to be “any person, firm, contractor or subcontractor, owner, operator, utility, association, corporation, partnership, business trust, public agency, or other entity that, with their own employees or equipment, performs any excavation.”

Regarding licensed contractors, Business and Professions Code section 7068.1 makes a contractor responsible for the conduct of its subcontractors. At subdivision (a), section 7068.1 states, in part, “The person qualifying on behalf of an individual or firm ... shall be responsible for exercising supervision and control of their employer's or principal's construction operations to secure compliance with this chapter and the rules and regulations of the board.”

Section 7068.1 defines “supervision and control” to mean “direct supervision or control or monitoring and being able to assist others to whom direct supervision and control has been delegated.” (Bus. & Prof. Code section 7068.1(c)(3).) Further, “direct supervision or control” means any of the following:

- (A) Supervising construction operations.
- (B) Managing construction activities by making technical and administrative decisions.
- (C) Checking jobs for proper workmanship.
- (D) Supervision on construction sites. (Bus. & Prof. Code section 7068.1(c)(4).)

Further, licensed contractors are required to comply with dig-safe laws by Business and Professions Code section 7110, which makes violation of the dig-safe laws a cause for disciplinary action. Section 7110(f) states that “[w]illful or deliberate disregard and violation of the building laws of the state, or of any political subdivision thereof, or of any of the following references to or provisions of law, constitutes a cause for disciplinary action against a licensee: (f) Any provision of Article 2 (commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the Government Code.”

Streamline Construction Inc. was the prime contractor working at 2527 Bunya Street, Newport Beach California 92660. (Exh. 1, 5.)

Streamline Construction Inc. is currently licensed by the California Contractor’s State License Board, License #991086 with B-General Building and C-27 Landscaping Classifications. (Exh. 2.)

Streamline Construction Inc. contracted VEL Construction Inc. for work at 2527 Bunya Street, Newport Beach California 92660. (Exh. 5.)

VEL Construction Inc. is currently licensed by the California Contractor's State License Board, License #1029663 with a B-General Building Classification. The personnel information listed with License #1029663 lists Alfredo Ahumada as the CEO/President of VEL Construction Inc. (Exh. 3.)

On November 29, 2023, VEL Construction, as a subcontractor for Streamline Construction, Inc., was trenching with a shovel for drainage work when they damaged a plastic natural gas facility. (Exh. 1.)

Photo 1: Photograph provided by Southern California Gas Company showing a trench near a gas meter and a hand tool next to a bucket in the background. (Exh. 1.)

**Neither Streamline Construction Inc. nor VEL Construction Inc. Contacted the Regional Notification Center Before Excavating**

Government Code section 4216.2(b) states that an excavator planning to excavate shall notify the appropriate regional notification center of the excavator's intent to excavate at least two working days, and not more than 14 calendar days, before beginning that excavation.

Neither Streamline Construction, Inc. nor VEL Construction, Inc. notified the regional notification center prior to performing trenching and shovel work at 2527 Bunya Street, Newport Beach, California 92660.

VEL Construction, Inc. did not cooperate with the investigation, so it is unknown why they did not notify the regional notification center prior to trenching with a shovel.

The investigator sent a series of questions to Madison Walker of Streamline Construction, Inc. They did not answer the questions, including the question about the status of a ticket. (Exh. 5.)

On January 17, 2024, Investigator emailed Amber Dahl, Safety Awareness Director for DigAlert, requesting ticket information for 2527 Bunya Street in Newport Beach for the past two years. (Exh. 4.)

On January 17, 2024, Safety Awareness Director, Amber Dahl, responded with confirmation that USA tickets were found in the search between January 1, 2022, and January 16, 2024, for the location of 2527 Bunya Street in Newport Beach. None of the tickets were obtained by Streamline Construction, Inc. or VEL Construction, Inc. nor obtained for the date of excavation damage, as explained below. (Exh. 4.) VEL construction damaged the line on November 29, 2023.

Ticket A210680743 was obtained by International Line Builders conducting work for the City of Newport Beach for 2021 and early 2022, on Bellis Street and the east side of Bunya Street. (Exh. 4.)

Ticket A220030027 was obtained by Coast Geotechnical, Inc. for taking soil samples for a homeowner in 2022, at 2527 Bunya Street. (Exh. 4.)

Ticket A230730287 was obtained by Mike Kilbride LTD for replacing a sewer lateral and electrical conduit for March to April 2023, at 2527 Bunya Street. (Exh. 4.)

Ticket A230730291 was obtained by JBS Equipment for replacing a sewer lateral and electrical conduit for March to April 2023, at 2527 Bunya Street. (Exh. 4.)

Ticket A230730293 was obtained by Extreme Bobcat Services for replacing a sewer lateral and electrical conduit for March to April 2023, at 2527 Bunya Street. (Exh. 4.)

Ticket A230730294 was obtained by Estates General Contracting for replacing a sewer lateral and electrical conduit for March to April 2023, at 2527 Bunya Street. (Exh. 4.)

Ticket A230730295 was created by KAP Equipment for replacing a sewer lateral and electrical conduit for March to April 2023, at 2527 Bunya Street. (Exh. 4.)

Ticket B230580580 was created by NPL Construction for a gas service alteration for March 2023, at 2527 Bunya Street. (Exh. 4.)

**Neither Streamline Construction, Inc. Nor VEL Construction, Inc. Called 911 Emergency Services Upon Gas Release**

Government Code section 4216.4(c)(1) states an excavator shall call 911 emergency services upon discovering or causing damage to a gas or hazardous liquid pipeline subsurface installation in which the damage results in the escape of any flammable, toxic, or corrosive gas or liquid.

On November 29, 2023, while using a shovel, VEL Construction Inc. damaged a natural gas facility with a shovel that caused gas to leak but did not call 911 afterward. (Exh. 1.)

On May 12, 2025, the investigator sent an information request to Southern California Gas Company to confirm and provide the time of gas release control. (Exh. 9.)

On May 14, 2025, Southern California Gas Company confirmed that the gas release was repaired on November 29, 2023, the day of the damage, at 11:19 a.m. (Exh. 9.)

On April 16, 2025, the investigator requested dispatch logs, 911 audio recordings, or any incident reports from the City of Newport Beach for the incident address and date. (Exh. 8.)

On April 21, 2025, Matthew Fear, Records Supervisor of the Newport Beach Police Department, stated that they did not have any records responsive to the request (Exh. 8.)

On May 1, 2025, Debbie Alcaraz, Administrative Assistant to the Fire Chief of the Newport Beach Fire Department stated that it had “no duty to create a record that does not exist at the time of the request.” (Exh. 8.)

The reason that VEL Construction, Inc. did not call 911 is unknown as the company failed to cooperate with the investigation.

**VEL Construction, Inc. Failed to Cooperate with the Investigation**

On January 16, 2024, Madison Walker of Streamline Construction, Inc., in an email with Investigator, stated that one of their subcontractors, (“subs”), “hit the line with a shovel and then the gas company came to fix it.” (Exh. 5.) By phone that same day, Walker provided the email contact for Alfredo Ahumada of VEL Construction, Inc.

On February 1, 2024, Investigator emailed an information request to Alfredo Ahumada of VEL Construction. (Exh. 6.)

On February 1, 2024, Alfredo Ahumada responded to the investigator and stated, “Sorry I must have your email, but I’ll get my team and try to answer these questions to the best of my ability.” (Exh. 6.)

On February 20, 2024, the investigator emailed a second information request to Ahumada referring to the failure to respond to the first information request. (Exh. 6.)

On March 12, 2024, the investigator left a voicemail at the phone number listed with the VEL Construction Inc. contractor’s license and followed up by email. (Exh. 6, 7.)

The investigator did not receive any further response from VEL Construction Inc.

**Findings:**

1. VEL Construction Inc. failed to contact the Regional Notification Center before beginning excavation on November 29, 2023 at 2527 Bunya Street, Newport Beach California 92660.
2. On November 29, 2023, VEL Construction Inc. failed to call 911 emergency services to report the escaping gas from the subsurface installation after it was damaged by a shovel.
3. Streamline Construction Inc. contracted VEL Construction Inc. for the work that resulted in the damaged natural gas facility.

Dear Jeff,

After searching our records from 1/1/22 through 1/16/24, we found the following DigAlert ticket(s) A210680743, A220030027, A230730287, A230730291, A230730293, A230730294, A230730295, B230580580 for the location at 2527 Bunya St in Newport Beach. I hope this information will be helpful.

If we can be of further assistance, please call us at 951-808-8100.

Sincerely,

Amber Dahl  
Safety Awareness Director

## Underground Service Alert

of Southern California™

January 17, 2024

Jeff McClenahan  
Underground Safety Board  
715 P St, 20th Floor  
Sacramento, CA 95814

**File Number: Unknown**

Dear Jeff,

After searching our records from 1/1/22 through 1/16/24, we found the following DigAlert ticket(s) A210680743, A220030027, A230730287, A230730291, A230730293, A230730294, A230730295, B230580580 for the location at 2527 Bunya St in Newport Beach. I hope this information will be helpful.

If we can be of further assistance, please call us at 951-808-8100.

Sincerely,

Amber Dahl  
Safety Awareness Director

No, we are the contractor for that project and I was there but all I really know is that one of the guys hit the line with a shovel and then the gas company came to fix it. It was on of our subs who doesn't really speak English, and we left the area while they fixed it. Happy to discuss over the phone. Feel free to call me anytime around 3pm today: 360 255 3133

Thanks for the response, Madison.

Could you please clarify: are you saying Streamline was not involved in construction and damage a gas utility at 2527 Bunya Street?

I received your name and Streamline contact information from SoCal Gas, so if their report was mistaken it sounds like it would be best to discuss by phone. Do you have a good time this week for a call?

**Subject:** Underground Safety Board: Case Announcement 23NTS0026

Hi Madison,

I'm Jeff McClenahan with the Underground Safety Board, Investigations Division. I've been assigned to follow up on notification 23NTS0026 about an excavation incident involving excavation without an 811 ticket with damage to natural gas utility on 11/29/2023 at approximately 2527 Bunya Street, Los Angeles California.

The Board investigates excavation incidents to understand what happened, determine whether any potential safety violations were involved, and better understand how to prevent future accidents.

See the information request attached and **by 1/12/2024** please forward any records you have associated with this incident such as photos, USA Tickets, written communications, or other documentation.

Please let me know a good day for an interview and please retain all records that pertain to this incident for our discussion.

I also have a series of questions for you in advance which in some cases could take the place of an interview.

Please respond to the best of your ability and call me at 279-789-1818 if you have any questions or would prefer to speak by phone.

Thanks for your time to help improve public safety in California.

## Questions

---

1. Was the area delineated prior to the incident? If so, how was it delineated? Please provide the photos demonstrating the delineated area.
2. When did Streamline Construction obtain an 811 ticket?
3. Were you aware that you needed to contact 811 to notify them of your planned excavation?
4. Could you please provide a copy or number for your 811 ticket?
5. Please provide all written policies and procedures regarding obtaining an 811 ticket and delineating the jobsite.
6. Did Southern California Gas Company respond to the 811-ticket request? If so, when and how did they mark their facilities?
7. Who hired you to complete the project?
8. What was the scope of work for this project? Please provide the job contract.
9. How many people did you have on the job site that day? Please provide names and contact information for all personnel on the job site.
10. What equipment was used to perform the work?
11. Who owns the equipment used for the job? If the equipment was rented; please provide the rental contract with the name and contact information of the vendor who rented you the equipment.
12. Please provide all written policies and procedures regarding the use of equipment at the jobsite.
13. Approximately what time did the incident happen?
14. How did [insert excavation company name] prepare the jobsite prior to the work beginning?
15. What tool/equipment made contact with the [insert damaged] facility at the time of the incident?
16. How did Streamline Construction learn that the Southern California Gas Company facility was hit/damaged?
17. Please provide all written policies and procedures regarding what to do after an excavation incident occurs.
18. How did Streamline Construction respond to the incident?
19. Were there any injuries to any personnel on site?
20. What would Streamline Construction have done differently to prevent another similar incident in the future?
21. Could you please provide a copy of all the photos taken at the site.
22. Please describe all the property damages, injuries, fire, etc, caused by this incident.
23. Is there any other information which you feel is important to this incident?

Hello Alfredo,

Please see the 2<sup>nd</sup> notice of this information request attached and copied below.

Please respond with answers to those questions **by March 6, 2024** or let me know a good time to schedule a phone interview. We may still want to schedule an interview but generally answers to those questions can help me to wrap up a case.

If anything is unclear or you run into any issues answering those questions, please let me know anytime.

**Subject:** Underground Safety Board: Gas strike at 2527 Bunya Street

Hi Alfredo,

I'm Jeff McClenahan with the Underground Safety Board, Investigations Division. I've been assigned to follow up on notification 23NTS0026 about an excavation incident involving excavation possibly without an 811 ticket with damage to natural gas utility on 11/29/2023 at approximately 2527 Bunya Street, Los Angeles California.

Please let me know a good day for an interview and please retain all records that pertain to this incident for our discussion.

I also have a series of questions for you in advance which in some cases could take the place of an interview.

Please respond to the best of your ability and call me at 279-789-1818 if you have any questions or would prefer to speak by phone.

Thanks for your time to help improve public safety in California.

## Questions

---

1. Was the area delineated prior to the incident? If so, how was it delineated? Please provide the photos demonstrating the delineated area.
2. When did Streamline Construction obtain an 811 ticket?
3. Were you aware that you needed to contact 811 to notify them of your planned excavation?
4. Could you please provide a copy or number for your 811 ticket?
5. Please provide all written policies and procedures regarding obtaining an 811 ticket and delineating the jobsite.
6. Did Southern California Gas Company respond to the 811-ticket request? If so, when and how did they mark their facilities?
7. Who hired you to complete the project?
8. What was the scope of work for this project? Please provide the job contract.
9. How many people did you have on the job site that day? Please provide names and contact information for all personnel on the job site.
10. What equipment was used to perform the work?
11. Who owns the equipment used for the job? If the equipment was rented; please provide the rental contract with the name and contact information of the vendor who rented you the equipment.
12. Please provide all written policies and procedures regarding the use of equipment at the jobsite.
13. Approximately what time did the incident happen?

14. How did [insert excavation company name] prepare the jobsite prior to the work beginning?
15. What tool/equipment made contact with the [insert damaged] facility at the time of the incident?
16. How did Streamline Construction learn that the Southern California Gas Company facility was hit/damaged?
17. Please provide all written policies and procedures regarding what to do after an excavation incident occurs.
18. How did Streamline Construction respond to the incident?
19. Were there any injuries to any personnel on site?
20. What would Streamline Construction have done differently to prevent another similar incident in the future?
21. Could you please provide a copy of all the photos taken at the site.
22. Please describe all the property damages, injuries, fire, etc, caused by this incident.
23. Is there any other information which you feel is important to this incident?

Newport Beach, California 92660

Dear Custodian of Records,

This letter is a request for a copy of police/fire dispatch call logs, 911 audio recordings and any incident reports from responding emergency personnel for a natural gas release from excavation damage at 2527 Bunya Street, Newport Beach California 92660 on November 29, 2023.

We are currently investigating the incident per California Government Code TITLE 1 – GENERAL - DIVISION 5 - PUBLIC WORK AND PUBLIC PURCHASES - CHAPTER 3.1 - Protection of Underground Infrastructure - ARTICLE 2 - Regional Notification Center System Section 4216.19.

If any fees are accrued per our request, please advise and we will address accordingly. Any information received will be beneficial to our investigation. If you have any questions, feel free to contact the undersigned.

Sincerely,

Jeff McClenahan

Hello,

Thank you for submitting your Fire Related Public Records Act Request (ticket #621895) to the City of Newport Beach. In reviewing your request, I believe it may also require the Police Department to search for records. Please know that I have sent your request directly to the Police Department and, for your reference, it has been logged as ticket #622094.

Both the Newport Beach Police Department and Fire Department will respond to you on or before April 28.

If you have any questions, please contact the City Clerk's Office at 949-644-3005 or myself directly.

Sincerely,

**Cassandra Hawks**

### RE: CALIFORNIA PUBLIC RECORDS ACT REQUEST NOTICE OF DETERMINATION

The City of Newport Beach ("City") has received and reviewed your California Public Records Act request ("PRAR"). This response will serve as the City's notice of determination as to whether the request in whole or part seeks the production of non-exempt, non-privileged, disclosable public records in the possession of the City, pursuant to the California Public Records Act ("Act") (Gov. Code §§ 7920.000 *et seq.*).

- ☐ The City has granted your request. The city has retrieved and reviewed the records responsive to your request. All available records as stated in this ticket **are attached**.
- ☐ Based on your request in this ticket, certain records were **redacted** in part.
- ☒ Based on your request for the documents entered in this ticket, the City has no duty to create a record that does not exist at the time of this request. (Gov. Code § 7920.530; *Haynie v. Superior Court* (2001) 26 Cal.4<sup>th</sup> 1061).
- ☐ The City received PRAR (Gov. Code §§ 7920.000 *et seq.*). Pursuant to Gov. Code § 7922.535(a), the City is typically required to respond to requests made under the Act within ten (10) days. However, if "unusual circumstances" exist, the ten (10) daytime limit prescribed in Section § 7922.535(a) may be extended up to fourteen **(14) days** § 7922.535(b). Based thereon, the City will respond to your request with a notice of determination as to whether the request, in whole or in part, seeks the production of non-exempt, non-privileged disclosable public records in the possession of the City, pursuant to the Act on or before \_\_\_\_\_.

Should you have any further questions please contact this office.

Thank you.

Hi Mike and Southern California Gas Company,

Please provide information on this final item for this notification 23NTS0026 whether there was a gas release on this facility damage reported in the No811 Pilot.

Thanks for your time on this because this is something we added to later surveys that was not included early on in the pilot.

Copy of notification attached for reference.
